Pattukkottai Polytechnic College, “popularly known as PPC”, is the right place to start the career, for everyone who wants to pursue technical education after secondary school education. I want to share few innovative philosophy of teaching in order to reveal the serene environment and congenial atmosphere for learning at PPC. A teacher moulds minds while touching hearts. Experienced, dedicated and dynamic faculty members of our college are ever ready to help students with the challenges that they face in the classrooms and laboratories. All laboratories and workshops of the college are equipped with state-of-the-art facilities to impart practical training to the level of industry expectations. Apart from department libraries, the library of the college houses a massive collection of technical books, journals, magazines and VCD’s. The college aims and focuses on industry oriented education on par with the best.

Come and discover your dreamful and colourful future at PPC.

VISION OF INSTITUTE:

To step forward towards Educational Excellence by inspiring students to be a competent Engineering professional to serve the needs of the industry and the society and create them as an entrepreneur.

MISSION OF INSTITUTE:

- M1. To impart quality education through demanding academic programs and create enthusiasm for life- long learning
- M2. To enhance career opportunities for students through exposure to industry.

- M3: To bond strong relationship with the industries to upgrade the knowledge of the students through exposure for cutting edge technologies.
- M4: To Conduct skill development programs top mold them employable and as a entrepreneur

PEOs:

- PEO1: The graduates of mechanical engineering will develop an attitude of lifelong learning for sustained career advancement and adopt to the changing multidisciplinary profession.
- PEO2: The graduates of mechanical engineering will demonstrate managerial and leadership skill for career and starting up own firms.
- PEO3: The graduates of mechanical engineering will develop cost effective eco friendly mechanical components and system needed for the industry and society

ABOUT THE DEPARTMENT

Department of Mechanical Engineering at PPC has experienced, well qualified and dedicated faculty. State of art laboratories and workshops form an integral part of the department. Mechanical engineering is the discipline that applies the principles of engineering, physics, and materials science for the design, analysis, manufacturing, and maintenance of mechanical systems.

It is the branch of engineering that involves the design, production, and operation of machinery. Mechanical engineering has all time demand and its spectrum grows with advances in other areas of technology.

Mechanical Engineering is closely related to the design and production of machines which further reduces human labour. We create well trained students in CNC milling & turning to fulfill the industrial needs. We are regularly conducting Innovative Projects to develop the student technical skills and the best model was identified and motivated.

Keeping such requirements in mind competent and experienced faculty of our mechanical department prepares the students by giving simple assignments, seminars, conducting tests, short term courses allowing extra industrial practice. By studying mechanical engineering the students may be enriched in the skills of problem solving, creativity, clear communication ability, collaboration, and mathematics

DEPARTMENT OF MECHANICAL ENGINEERING

VISION:

To develop global competent mechanical engineering professionals with creativeness, innovativeness and entrepreneurship skills to develop out-of-the-box-thinking respond effectively to the needs to the industry.
